[Hiring Manager's Name]

Growth Troops

Dear Hiring Manager,

I'm writing to express my interest in the **Marketing Tech & Content Coordinator** role at [Company Name]. With a solid foundation in modern web development and a passion for content, automation, and campaign optimization, I'm excited by this unique opportunity to bring both my creative and technical strengths to your team.

Over the past year, I've designed and developed several projects, including an [e-commerce store](#), [restaurant website](#), and [tutoring landing page](#), all featured in my [portfolio](#). These demonstrate my ability to build mobile-responsive websites, automate user experiences, and maintain clean code across frontend stacks like React, Next.js, and Tailwind CSS.

I'm currently building my backend skills with Node.js, Express, and MongoDB, while also exploring marketing automation tools like Zapier and HubSpot. I enjoy collaborating cross-functionally and have experience creating lightweight graphics, documenting workflows, and managing content calendars using Google Sheets and Canva. My previous roles in inventory and logistics also trained me to work with precision, process efficiency, and strong communication — all key in fast-paced campaign work.

I would be thrilled to contribute to your growth initiatives, bring ideas to life through automation, and help streamline campaign delivery across digital channels. Thank you for considering my application — I look forward to the opportunity to connect.

Warm regards,

Harold Mzumara
